Ecom Tab-Ex 04 Pro DZ2

The World's First 10" and 5G Android Tablet for Hazardous Areas

The Ecom Tab-Ex 04 Pro expands the Tab-Ex series as the world's first and only 10-inch, 5G Android tablet.

The rugged, highly secure tablet is based on Samsung's state-of-the-art Galaxy Tab Active4 Pro and comes in a slim and lightweight design. The tablet's 10-inch screen is ideal for demanding applications.

Simple and intuitive online procurement of industrial instruments & controls

30 Day Payment Terms

ABLE customers can now purchase online utilising existing 30 day payment terms at any time. Simply add your required products to the basket and insert your P.O. number at the payment stage to process your order.

Dedicated Customer Portals

Our dedicated customer portals are available for companies with more specific needs. This area includes all historical data incorporating personalised pricing and a sourcing form for procurement of products not found on the site.

Intuitive Technical Product Configurator

Products can now be fully customised online using our intuitive product configurator. Based on 247able's internal logic, incorrect specifications can not be selected and all configured products build unique part numbers.

Experienced Specialist Technicians On Hand

Years of experience give our specialist technicians an inherent understanding of their respective products and applications and most importantly, the ability to correctly apply 'fit for purpose' equipment.

Procurement And Sourcing Service

ABLE have been serving as a procurement and sourcing service provider for our customers since 1985. If you cannot find the required product on 247able, simply use the dedicated online form on our sourcing service page.

Convert To Quotation At Checkout

Want to specify instrumentation and defer payment to your procurement team? Want to save a quote and order it later? Using this tool, all recipients receive an email of the quote alongside links to proceed to purchase.

Why purchase with us?

Providing a hassle free, secure, fast and reliable service.

Hassle Free

247able.com is the one-stop supplier for engineers and procurement specialists, offering best in class instrumentation from renowned manufacturers in an intuitive online engine.

Secure Checkout

Once the correct instrumentation is found via our website and technical support, customers can checkout 100% securely using Stripe or utilising their company's credit limit.

Reliable Delivery

With UPS as our courier of choice, we offer a fast, reliable delivery service. Customers who sign up for a 247able account can also manage and track orders in the customer account area.

Have a particular application or project in mind?

ABLE are the leading authorised representative and distributor for these asset management/field comms products within the UK and can assist you and your customers in the following areas:

- Pre-loading of any free issue industry standard software on to the device
- Handle future pre-arranged 'call off' quantities for expedient delivery
- Offer after sales support utilising our in-house expertise
- Offer training into how the ATEX device(s) can be used either via a video call or hands-on instruction on our state-of-the art training rig.
